For breeding done at KeDiOs

KeDiOs guarantees that the above stated bitch will be bred to the above stated dog.

All bitches will be bred by AI. Ovulation tests will be performed at Monticello Pet hospital (http://www.montipet.com/; quantitative progesterone test as they have their own machine) while at KeDiOs if bitch owner wishes and at bitch owner's expense to pinpoint optimal breeding time. Bitch will be bred on alternate days while in standing in heat with a minimum of two times.

Stud Fees

The bitch owner has the choice of A or B:

- A. A nonrefundable breeding service fee of \$200.00 will be due at time of breeding. This amount will be deducted from the stud fee balance due when litter registration is signed. Payment in full must be made prior to the stud owner signing the litter registration. If one or no puppies result from this mating, the \$200.00 breeding service fee shall constitute the complete stud fee and no balance will be due. Two puppies or more constitute a litter and the full remaining stud fee balance would be due.
- B. Pay the full stud fee amount up front and have a guarantee of at least 2 live puppies to 2 weeks of age. If one or no puppies to 2 weeks of age result from this breeding, a one-time repeat breeding will be given at no cost to any approved dog owned, co-owned or leased by bitch owner. Signing of the litter registration will be at 2 weeks of age and when paid in full.

The stud dog owner guarantees that, the stud portion of an official AKC, CKC and/or UKC litter registration form will be filled out, signed and given to owner of bitch upon receipt of the full stud fee, or if option B) when litter is 2 weeks of age.

Bitch owner guarantees that all puppies of the resultant litter deemed "pet" quality will be sold on a spay/neuter contract and their registration papers will be marked "Limited Registration".

Bitch owner/lessee guarantees that no puppies from the resultant litter will be sold to pet shops or other wholesale outlets.

	er apply and no	refund will be given on	the sire of each puppy. In the event this happens all repeat any portion of the stud fee and all stud fee will be paid with
